Helping Orphans, Touching the Heart of God

Four years ago, Ssenyonjo Musa founded Easy Children's Home in Mityana, Uganda. As a boy, Musa was living on the street when a Christian man took him home and cared for him along with several other homeless children and adults. There, Musa gave his life to Christ and caught the burden to help the hopeless.

When Musa turned 26, he launched Easy Children's Home to feed, cloth, house, protect, educate, and lead poor children to Jesus. The 42 orphans that are currently housed there are either orphans or were homeless, abandoned by their parents.

Recently, your support made it possible for DE Global to help Easy Care with a financial gift. God only knows the difference your generosity made in the life of a child. Helping the hopeless touches the heart of God.
